Details

I am dedicated and passionate web developer with a strong foundation in web technologies and a track record of successfully completing a comprehensive web development course. During my training, I gained valuable hands-on experience by working on diverse web development projects, honing my skills, and expanding my knowledge.

Employment History: Fresher

Project, 2023

“Medicare” Team Project- Front-End Developer- A Medicine info Web Application

In that my role as the front-end developer for a team project focused on creating a Medicare App using HTML, CSS and JavaScript, I contributed to the development of a crucial healthcare solution. This experience allowed me to showcase my technical proficiency, creativity, and dedication to crafting a user-centric web application.

I took the lead in designing and implementing the front-end of the Medicare Dynamic web-page, prioritizing user-centric design principles. The result was an intuitive and visually appealing interface that made healthcare information and services easily accessible.

Courses:

I have successfully completed an internship course on **Web-Development at Yhills Edutech** between August 2023-October2023.

Skills:

HTML	Experienced	C	Skillful
CSS	Skillful	Basic JAVA	Skillful
Git & GitHub	Skillful	MySQL	Beginner
JavaScript	Beginner	Android Development	Skillful

Education:

Intermediate, Sunbeam Suncity Karsana, Varanasi

April 2017-October2018

During my academic journey, I consistently strived for excellence and maintained a high standard of performance. My “intermediate” result reflects my commitment to academic excellence, as I achieved a “very good” grade in this crucial phase of my education.

High School, Gyan Niketan, Patna

April 2017-June 2018

My “excellent” grade in high school is not just a testament to my academic progress, but also to my commitment to continuous self-improvement. It highlights my ability to excel in an educational environment while balancing a variety of extracurricular and personal responsibilities.

**Bachelor of Engineering, Dayananda Sagar College of Engineering
Bengaluru**

December 2021-November 2023

I am pursuing college education with a strong academic record, active participation in coursework and extracurricular activities, and a commitment to personal and professional growth. Anticipated graduation in 2025.
